

Let the tool do the work, Not your body.

Battery Operated Compression and Cutting Tools

Huskie's battery operated compression and cutting tools are easier on your body than manual tools.

With our ergonomically designed ROBO tools, you only need one hand to make the cut. Quit using your body and let our tools do the work.

Call to request a complete catalog.

The **TREC-5520** cuts wire rope up to 5/8" and is ergonomically balanced.
